---

Student Name: \_\_\_\_\_

It is important that individual progress is assessed, recorded and monitored to ensure each child understands and practices the foundational knowledge of: 1) God's love, 2) their "Born Again" identity, 3) and power and authority in Christ Jesus!

**Directions:**

- 1) Copy one Student Progress Record per child to track each child's progress.
- 2) After each lesson, assess the student's understanding of the objectives based on your observations. If the child "Fully Understands" the objective, score a rating of 3 and write the date that the objective was rated.
- 3) For any rating below 3, use the Recommended Follow up Activities or plan other activities to help the child fully understand the objective.
- 4) If a child has scored below a 3 and you assess that the child has gained a full understanding, change the score to a rating of 3.
- 5) On pages 8 and 9 of this Student Progress Record, write what you or someone else saw the child doing that showed the Fruit of the Spirit of God in them. such as:
  - ✓ Love                      Joy                      Peace
  - ✓ Patience                Kindness              Goodness
  - ✓ Faithfulness          Humility                Self Control

Be sure to tell the child when you see them showing the Fruit of the Spirit. [Galatians 5:22-23]
